
Crooked Money 1 The Endless War ##TOP## Full Download

This is something that should be on the front page of every conservative site – anything “anti” Trump. The mainstream media has taken leave of their senses in trying to save their own credibility by pointing the finger at conservatives when this is a concerted effort by socialist-believing democrats to take down the president. Just like the blacks and hippies that want to “take over” small towns. The Washington Post doesn’t seem to mind the enormous amount of money Soros and democrat donors spent to take out Trump as long as they can get their heads in the sand and stick their fingers in their ears so they don’t hear the Trump-is-a-fascist chants at the Democrat Convention. And yes, Dems and Democrats are simply worse than any form of partisan political partisan political crook. And, Their compadres, the extremists are on the same level. If not worse. But, we need to count on our Constituents to do a better job of electing good solid clean politicians, anyone who will stand for the middle class & working poor. More jobs are created in the middle class. So, it should be a priority on the part of these non-partisan people not to vote in politicians who will take advantage of the low-wage workers. I was an Independent, along with others in my past life and have voted to a lesser extent, for both parties. I had given up! But, when things happen, I see the true problem lies with the Democrats! Selfish, greedy, corrupt people who are not concerned about anyone but themselves. They do not care if every 3rd class citizen in America is Homeless, hungry, hungry, hungry. They care only if they get their hands on the money. They vote, keep voting, and the politicians they put in office., do not care if its the worst people in this country. Liberals and these Democratic party people are Criminals. They Impersonate honest people. The education problem is a secondary. They know that the problem will not work! But, it will insure that they have almost total control over the people. Need a thief, in this day and age? Have another look at the Democratic party. I like my money. I take better care of mine. I offer no judgement on the legal right to receive welfare. I would never take it. I have moral problem with those who do. But, for the politicians and the educated? THEY have to sleep on something? They must be psychotic to be so selfish!
